## Worldview Mission (WM) (501 c/3 Tax Exempt)

### UNITE AND EDUCATE THE YOUTH TO BECOME LEADERS IN THE ERADICATION OF POVERTY`

Worldview Mission (WM) is a nonprofit global organization connected to the United Nations and affiliated with a multitude of organizations in the world that are concerned with ending poverty. The United States is an accumulation of many ethnicities, religions, and cultures which makes it the ideal place to commence our awareness programs. Although the United States is one of the richest counties in the world, still, 37 million people are poor, and from those 13 million children (19 percent of all children) under age eighteen live in families with incomes below the official poverty threshold. That is the principal reason that the WM is on a mission to break the cycle of poverty in low economic communities by educating and preparing the youth to become leaders in their community and eventually extend their cause on a global level. Poverty effects the education of our children, but education is a viable and effective means to end poverty. Poverty is caused by a myriad of circumstances from which many are outside the realm of control for those living in poverty and those who endeavor to end it. Our programs are therefore directed to enhance self-direction, self-determination and self-regulation of our youth as oppose to just giving them a handout which constitutes merely an ephemeral solution but not a solution to the problem.

## Become a member

Membership is open to all students between 5 and 18 years old. You must be willing to become a leader and committed to help other people, for example, serving meals to the poor, clean or paint a school and other experiences that will inspire you to find new ways to help in your community. These activities could be a stepping stone for you to be accepted in a good college. Colleges usually accept students who are active in their community.
