

MY World Partner Recognition Event and Award Ceremony

OVERVIEW	<p>MY World, a global options survey, has been designed and developed in response to the UN Secretary General's request that the next development agenda should emerge from an inclusive data driven process with wide participation. MY World asks citizens all over the world to vote for the issues that would make the most difference to their lives and that of their families. The findings from the MY World survey are shared with the global leaders and decision-makers engaged in defining the next development agenda. MY World has been disseminated through three channels: online, offline and mobile –to ensure both scale (to create political and media traction) and representativeness (for credibility of the results).</p> <p>Thanks to the support of over 700 partners worldwide, the MY World survey has mobilized over 800,000 participants in 194 countries. By September 2013, we will have reached 1 million votes and this turning point provides the perfect backdrop for a MY World Partner Recognition Event and MY World Award Ceremony.</p> <p>The primary purpose of the MY World Partner Recognition Event and Award Ceremony is to acknowledge the key contribution of MY World partners to the success of this initiative. The MY World Awards will be granted to a selection of partners who have stood out for their performance in the promotion of the MY World survey.</p>
