Subject: **Request for assistance and possible collaboration with Worldview Mission**

Dear Sir/Madam,

We are pleased to introduce our organization **Worldview Mission; WM**. WM is a taxed exempted NGO, and member of United Nations CSO-NET (ECOSOC Civil Society Network), NGO Branch, New York. WM was started with a mission of creating economic opportunities for the people all around the world. WM is working collaboration with UN-NGOs, UN Agencies & UN Ambassadors since 2007.

WM was instigated with a philosophy to support and collaborate with the humanitarian agencies throughout the globe in their effort to ensure basic human rights to the communities especially in third world countries. Based on the premise of universality of Human Rights, Worldview Mission is actively working to promote a Rights Based Approach in areas of Water Supply and Sanitation, Gender and Environment.

WM is sincerely interested to adapt, translate, launch and disseminate the UNESCO/UNEP's publication *Youth Xchange Training Kit on Responsible Consumption*. We wish to translate the publication into Pidgin language that is spoken and understood all over Cameroon especially in the North-West Region. Worldview Mission and its partners intend to finance the planned activities for the initial three phases assisting 700 children and youth in rural and peri-urban areas of the North-West Region of Cameroon. We also plan to start in November 2012 and wish to continue the dissemination of additional copies based on our future resources.

We request Youth Xchange Initiative, UNEP for a possible collaboration in assisting WM technically as well as in terms of resources for the current assignment to achieve the set target. With our expertise and experience we believe WM can provide best value to the assignment.

We look forward to your positive response, and expect the partnership to be of mutual benefit.

Best Regards,

Hélène H. Oord
