## Voices in dialogue

ICAE and ICÉA are happy to announce the launching of “Voices in dialogue”, a virtual space to encourage exchanges, communications and discussions before the IX ICAE World Assembly.

Through an easy and friendly web interface, linked to the official website of the World Assembly, you can share documents, articles, videos and photos linked with the World Assembly themes. Your input will be part of a virtual forum that will foster debate and collaboration, a space to know more about local experiences and campaigns on youth and adult education and learning.

Dear all,

The **Voices in Dialogue** virtual space is ready to use! As we have mentioned before the idea is to have an interactive space where you can share different type of resources, namely articles, documents, images and videos, related with the main themes of the IX ICAE World Assembly.

The space will allow you to upload resources in a wide range of formats (txt, pdf, doc, docx, ppt, pptx, zip, gzip, mp3, mp4, avi, flv, mpeg, mpg, xls, csv) and even to share videos from Youtube or Vimeo.

Guess what?! You could also upload resources from your mobile phone!! If you feel like sharing a short video directly recorded from your phone is possible too.

Go to the site and check out the resources, share yours, or leave a comment and be part of the exchange!

Quick guide to share a resource:

- When you click the link [Voices in Dialogue](#) you will be directed to the virtual space where you can [Share a resource](#) or simply click on the resources already shared that are presented bellow.
- If you decided to [Share a resource](#), you will be directed to an online form where you will create a user and will describe and upload your resource.
- The online form will ask you to create a Login user, once you complete and save the form you'll received an email a link to set your password.
- Your resource won't appear automatically since requires approval from the web administrators, but don't worry we promise to be quick 😊
- If you are not sharing a resource, but only checking out others and want to leave a comment, you will be asked to Log in with your user name and password. Once you save your comment, in a little bit will be approved and uploaded.
- If you have any doubt [contact us](#).

Join our virtual seminar, participate!

The seminar will be based on the publication of dvv international in cooperation with ICAE, AE+D on "Communities" ("Adult Education and Development" Journal published once a year in three languages that was launched in December 2014). (1)

The objectives of the ICAE Virtual Seminar are:

- 1- To promote a debate and dialogue on selected articles of the yearbook AE+D - Adult Education and Development "Communities" in order to go deeper and broaden the analysis.
- 2- To create a virtual space as an opportunity to share experiences on community learning modalities, in different regions and contexts, and to inspire new initiatives.
- 3- To connect global commitments with local practices, building bridges between local needs and the Post 2015 development agenda, the EFA goals, and CONFINTEA Belen Framework for Action.

Should you have any doubt or you want subscribe, please do not hesitate to write to the list administrators: [icae@icae.org.uy](mailto:icae@icae.org.uy) or [apoyo@icae.org.uy](mailto:apoyo@icae.org.uy)

We invite all of you to participate actively with reflections, and comments.
