<http://www.fao.org/climatechange/climatesmart/en/>

Relevant links with more information: <http://www.fao.org/climate-smart-agriculture/85725/en/>.

CSAYN has Launched activities in **Five [5] countries:** Cameroon, DRC, Togo, Nigeria and Zambia

see also: <http://csayouthnetwork.wordpress.com/>

With representatives in **33 countries** (as of May 2015).

Also: Come to the very first **Climate Smart Farmers "Field School" event** in Canada!, and see a demonstration of a simple process for manufacturing biochar that you can do on *your own farm*, as part of the **Biochar Ontario**

Annual General Meeting (AGM) following the launch event. This demo event includes a *live Biochar*

Production Demonstration at the Trent University Farm on **Saturday July 11th** (from 11am to 4pm).

Attend and learn all about making – and using – biochar on your own 'Climate Smart' Farm!

A program of, "Farmers Educating Farmers".

CSAYN is also participating in the *Zero Hunger Challenge*
www.zerohungerchallenge.org
