Comments from the Secretary-General Maradona:

"Our greatest strengths lies in giving our humanitarian spirulina to those in need assisted by Humanitarian Extraordinaire like Amb. Sandal who has committed the goodwill of saving lives with "Concrete Deeds" and not

just mere lip service...I appeal to those suffering from apathy in the comfort of their homes to do as Amb. Sandal has done...The most certain way to succeed is always to try just one more time and by doing so I appealing also to help IIMSAM Re-furbish the local Mosque that serves hundreds of people of the Muslim faith in need."
