

# COMPACT OF STATES AND REGIONS SESSION

**Tuesday December 9, 2014**

**The Sheraton Hotel, Paseo de la Republica 170, Lima, Room Precursores**

## BACKGROUND

The Climate Group and nrg4SD invite state and regional governments to join us on Tuesday December 9, 2014 for a lunch session on the Compact of States and Regions. The Compact of States and Regions was announced in September at the UN Climate Summit 2014. It is a commitment to provide an annual account of the climate targets set by state and regional governments around the world and the progress made by governments towards achieving these targets.

This is a joint collaboration by The Climate Group States & Regions, nrg4SD, R20 and CDP to provide, for the first time, a clear picture of the overall contribution made by global state and regional governments' to greenhouse gas emission reductions and global climate efforts.

A group of leading sub-national governments have already voiced their support for the compact and their intention to report their climate targets and progress in 2015. These governments include the Basque Country, British Columbia, Catalonia, KwaZulu-Natal, Lombardy, Manitoba, North Rhine-Westphalia, Ontario, Québec, Rhône-Alpes, Sao Paulo, South Australia, Scotland, Tasmania and Wales.

Join us to learn more about how you can support the Compact of States and Regions, hear the results of our first global emissions reporting pilot for regions, as well as the opportunity to join a group of pioneering governments who are setting ambitious long term targets to 2050. Please contact [Anne-Sophie Dörnbrack](#) for further information.
