**INTERNATIONAL YOUTH COUNCIL (IYC) PARTNERS WITH FAF  
IYC TO HOST EVENTS DURING THE YA**

The International Youth Council (IYC) is very pleased to be partnering with FAF to host several events at this year's Youth Assembly at the United Nations.

The IYC was founded by a number of participants at the 2007 Youth Assembly and therefore has a special devotion to making the most out of the workshops we will run together August 4-6, 2010.

IYC is comprised of youth activists from dozens of countries around the world united in its efforts to improve the world for future generations through achieving the Millennium Development Goals (MDGs). IYC members are working on projects ranging from grassroots climate change initiatives to good governance campaigns and social justice networking. We aim to provide our members with as many opportunities as possible to effect change on local, national, international, and supranational levels and to connect with like-minded motivated and talented youth.

FAF and IYC have a great opportunity to create lasting bonds at this year's Youth Assembly, especially through workshops on youth empowerment and social entrepreneurship. As we get closer

to the start of the Youth Assembly, we hope to coordinate more closely with FAF members and get as many delegates involved as possible.
