The UN SUSTAINABLE DEVELOPMENT GOAL'S: Our Framework for **COVID-19** Recovery https://www.un.org/en/coronavirus/un- secretary-general The pandemic is an unprecedented wake-up call, laying bare deep inequalities and exposing precisely the failures that are addressed in the 2030 Agenda for Sustainable Development and the Paris Agreement on climate change. At this moment of crisis, bold steps can steer the world onto a more sustainable path. Learn how each of the Sustainable Development Goals is vital for a recovery that leads to greener, more inclusive economies, and stronger, more resilient societies. Economic and Social Development A global pandemic is a time of tough choices. The policy decisions taken now will shape the fate of millions and define the future of nations. How to save people's lives without destroying their livelihoods? Where to allocate scarce resources? How to protect those who do not have

WORLDVIEW MISSION

the means to protect themselves? UN DESA experts are working round the clock to help decision makers navigate these tough choices and prevent the world from sliding into a dangerous depression.
