GHANA

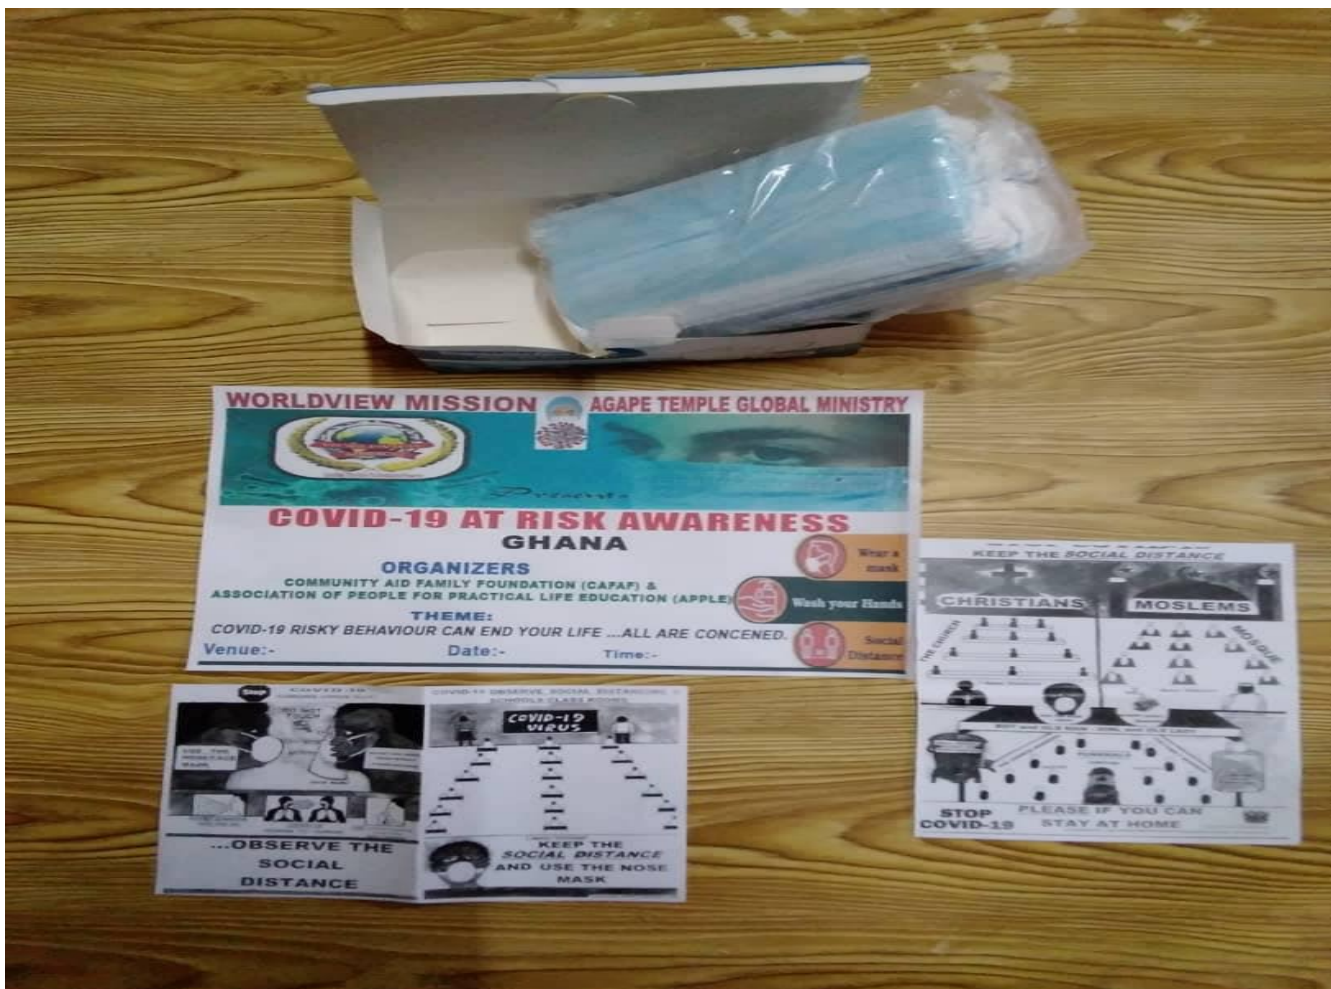

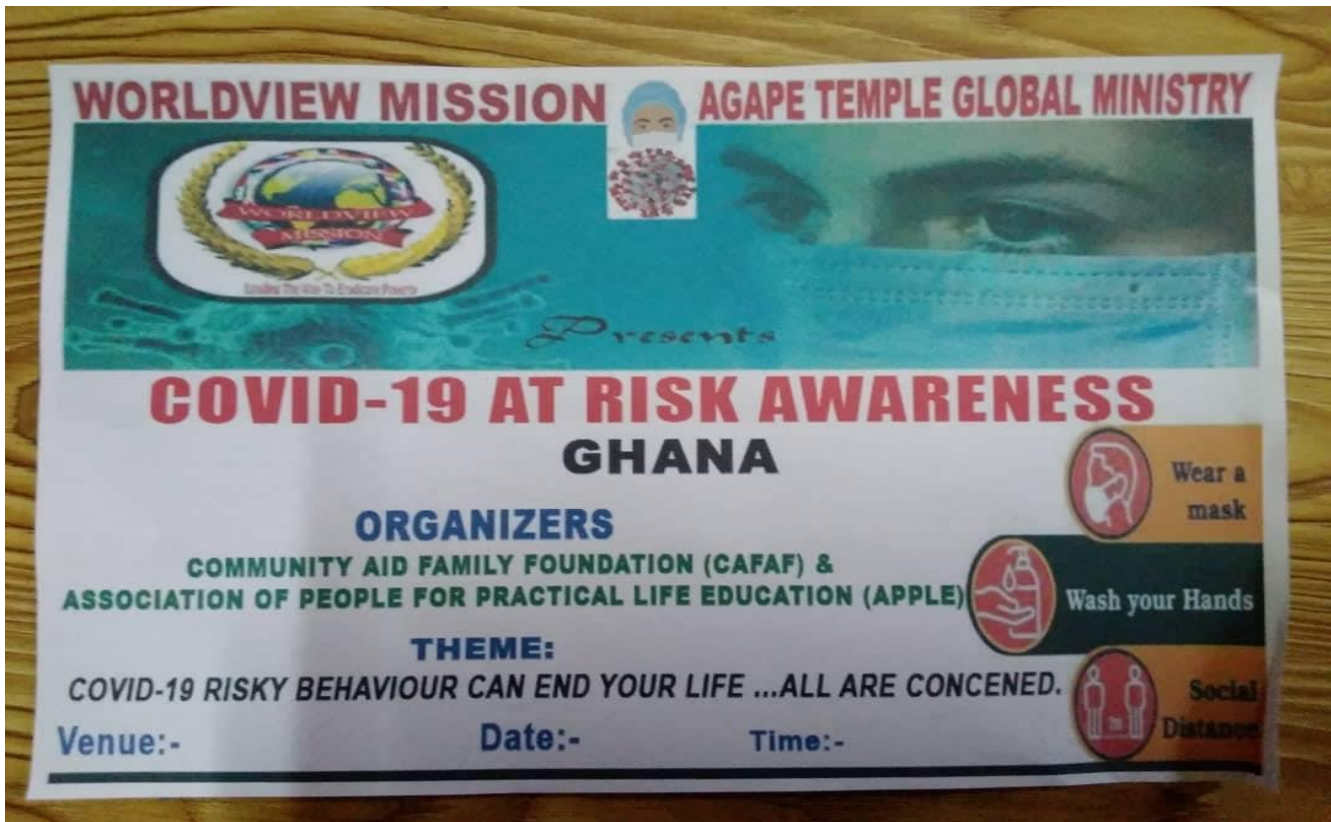

OUR ANNUAL REPORT

collaborative partner –Netherlands

A Snap Short Of Our Achievement During The Year Under Review

EXECUTIVE SUMMARY

WE ARE COMMITTED TO ACHIEVING THE SUSTAINABLE DEVELOPMENT GOALS (SDGS)

At **COMMUNITY AND FAMILY AID FOUNDATION**-Ghana we are fully committed to the achievement of the SDGS and will do our possible best whatever ways we can to pursue various causes that complement efforts at achieving one or more of it. With the global community committed fully and agreed on 17 goals with over 169 indicators we are poised to strike partnership with various organizations and bilateral donors to implement projects and interventions that respond to the SDGS collectively both at country level and on the international fraternity front collectively in reaching Agenda 2030.

THE SDGS ARE LIFELINE FOR THE GLOBAL COMMUNITY’S DEVELOPMENT TODAY AND IN THE FUTURE

ORGANIZATION INFORMATION

COMMUNITY AND FAMILY AID FOUNDATION (NGO) is a Ghanaian National Non-Governmental Organization with a global thinking and acting locally, currently exclusively identified with promoting the empowerment of women, communities, young people to manage issues concerning their development and to advocate for and work towards adolescent and sexual reproductive health, rights and well-being; to advocate for and on behalf of young people, in the area of reproductive health, HIV/AIDS, environmental health education, climate change, and other related issues that affect their total development. Aim at hosting the largest effort of reaching out to youth of Ghana to appreciate and respond to their sexual health rights needs for a bright future and promoting their development toward the nations building.

CAFAF is registered under Registration Act 1963 No 21446 founded in 2006; the organization is also registered under the social welfare system DSW NO 3692. The work of CAFAF has spread over the entire Accra-region, has determined to organize the various programmes for the better livelihood, protection and sustainable development. CAFAF is working in the field of Integrated Rural Development, HIV/AIDS/maternal health, sexual reproductive health, promotion of Traditional Health System and Involvement and Advocacy for the social issues having a definite bearing on the life of people.

CAFAF has come forward with a strong faith that its efforts will uplift the socio economic condition of those people who have been neglected and denied for their rightful share of the society for centuries. The Organization work jointly with the people inviting them to participate actively in solving their own problems, The Organization support their reasonable demand and decision and encourage them to discover and utilize the available natural resources. CAFAF trusts that the spread of education will help them to overcome their deep rooted superstitions and social evils regarding emerging trends.

AT CAFAF We Say: FOR PEOPLE, DEVELOPMENT, AND GENERATIONS

OUR VISION

To **see** and play a leading role for a better **world** that promotes both **our human and natural resources tapping**, to stimulate development resulting in improvement where **all are happy and useful**

OUR MISSION

CAFAF: exist to **create possibilities to improve lives**, where our **development interventions** will live **indelible mark** on **people, communities and underserved populations** to fashion a world, where **all will be happy and useful** including **respectively living** for **others to reflect equal, participatory economy** releasing that **a person is a person through other persons** as a lasting **legacy** for **generations to come for replication**.

THE ANNUAL GENERAL MEETING

The Annual General Meeting (AGM) accordingly and by our constitution and policies remains the highest decision making body which looks into the overall operations and mandates of the organization. It is convened yearly and when the need arises equally tasked to meet for emergency to undertake critical decisions on key issues prevailing at the time. It brings together on one platform both dues and non-paying dues members. This kind of encounter is set to review, act, and appraise the general performance of the management of the organization. Aftermath of satisfactory works of the management their contract is extended to another period agreed upon. Therefore the AGM is the heart beat of the foundation for which reason their decisions are central in the affairs of the organization.

EXECUTIVE MANAGEMENT

Beyond the operations of the AGM comes the executive management team led by a nucleus constituted set of expertise that are mandated to put the decisions of the AGM into action. They convene a series of meetings during which both financial and narrative activities reports are presented for thorough review by members. Thus, the executive management operates the organization for and on behalf of the members of the AGM. The chairman elected at the bi-annual AGM is expected to play an active role and be the mouth piece of the AGM in the administration of the foundation all the time in the day to day running of the foundation.

Additionally, the Executive Director, is expected to expand the administration pattern of the organization and when necessary to make running of the secretariat smooth upon consultation with the chair person in the cause of time. The members of staff and volunteers are unlimited for which reason the Executive Director takes into account the available resources, needs, projects, situation vacant before recruiting people into the organization.

THE SECRETARIATE

The Secretariat is managed with the support of core staffs and the chairperson of the foundation. The Executive Director supervises and coordinates all activities that take place from administration to other forms of engagement. Refer to our administrative documents for details. The secretariat is also mandated to venture into other key activities when necessary to the extent of having the power to open offices in other regions should the need be and where the resource for implementation of projects are available to do so.

INTERNATIONAL OFFICES: CAFAF by its constitution is free to operate foreign policy advocacy service across the globe. In this vein management is expected to follow the due processes in securing the necessary permits to operate at such levels. In 2013 quite a number of people approached the foundation seeking permission to open similar offices outside the country to articulate the mission and vision of the foundation at such levels. Such permission has been granted to a group in Kenya and management is in constant touch with them supporting them to put the necessary structures in place. Outcomes of such engagement will be communicated into our next report in the coming years.

These offices are not to rub shoulders with the mother organization rather play complementary role in making the voice of people count through policy influence.

REGIONAL FOCAL POINT

CAFAF in the future hopes to operate in other regions in Ghana. As per our constitution management is in consultation with other Networks with possibility of opening office in a region that we are likely to begin implementing activities there. Such offices will be manned by regional representatives with core staff and volunteers where necessary. They will be expected to report to the regional office depending on the type of activities and projects offered on the grounds.

MEMBERSHIP: The organization recognizes two sets of members; they include direct and indirect members.

DIRECT MEMBERS: They are individuals and organizations who have interest in the organization. Such members pay dues and are engaged in most of the activities of the foundation as and when time will allow them. They are given specific tasks and targets to achieve which is supervise by a senior management member. These volunteers' members also represent the foundation at different levels of interaction and are mandated to raise funds to boost the operations of the foundation.

INDIRECT MEMBERS/INVISIBLE

They are also known as shadow members they do not play active role in the activities of the organization but are expected to contribute resources on regular basis to support the operations of the organization. Management communicates and updates such members from time to time via sending them of reports, plan of actions, upcoming events, and correspondence to update them. They also have the free hand to come on board subject to official notification of management to perform other tasks if one wishes to do so.

PARTNERSHIP MEMBERS: These are organizations and coalitions who are by the virtue of our constitution are allowed to join the organization after meeting our standard of participation requirement. Such members become franchise members and it allows them to use our tools and resources from time to time to champion our cause in the common interest for mutual development. They are expected to benefit from our free trainings, workshops, consultancy, services, meetings, opportunities where necessary etc.

BENEFICIARIES AND COMMUNITIES: Whatever CAFAF does affect lives and our natural resources directly and indirectly which can be found in communities. Therefore these terms are used interchangeably to depict the nature of people and communities we operate in based on our resources.

BENEFICIARIES: They are our target audience who are reached with our range of interventions from time to time based on identification of their needs and wants.

COMMUNITIES

These are the geographical locations of our activities toward achieving our specific goals and mission. It changes depending on the projects and stakeholders and partnership activities. The entire structure of the organization uses either top to down or bottom to the top .its approach largely rests on the beneficiaries and communities for which reason we do not joke with them at all. The social marketing and donor supports received by the organization are directed to such areas to achieve the needed outcomes at the end of every intervention. Apart from this brief presentation on the governance structure, management has a pictorial view of the structure itself which can be referred to in our cooperate governance policy document .CAFAF have in place the necessary evidence which has been largely used, up dated to operate and conform to best practices and international standard from time to time. In 2014, further steps will be taken to update and review the policies to correspond with International and local demand standards in the field of NGOs operation.

INTRODUCTION

We have survived in the midst of the storm and will always appreciate and report back, what really we have done and what needed to be done in the next stage of our lives ,interactions and reach out to people and communities we seek to serve in the cause of time.

The journey of 2021-2022 has not been all that easy and the COVID-19 pandemic raging the world over continues to hit the new headlines day in and day out.

Management are happy to provide an executive summary of activities conducted under different areas of the sustainable development goals. Please, note that details and explanation of the actual interventions carried out are shared in the bigger Annual Reports for your perusal. You may request for a copy

MESSAGE BY THE EXECUTIVE DIRECTOR

DEAR ALL,

Your esteemed organizations thrived and survived in the midst of the storms in 2021

Community and family aid foundation is indeed, PEOPLE NEED PEOPLE organization

For 2021-2022 reporting periods, we have a clear cut mandate of reporting to you in a simple snapshot form. We have every cause to celebrate, and this is what makes our slogan solid and unchallenged: we are for people, development and generations

The COVID-19 continues to cause havoc and throw years of achievement both in Ghana and across the world into a world of uncertainty. Dwindling funding, the future unknown and many other natural calamities raging the world over. But can we sit aloof without doing anything with agenda 2030 still stirring us right in the face. Absolutely know

We are staying on our cause and fundamentals and principles of the foundation. We hope you will enjoy this executive summary annual report; we will like to hear from you or any suggestions and input that will go a long way to guide our future accountability feedback mechanisms.

Together, with our board of directors, volunteers, partners, and the many allies out there. We say, let's keep the fire burning. Indeed, people need people. This is the time we have to be there for each and everyone

Yes, together we can get far

Do not fall apart; join us with your support, no matter the quantum

And see the smiles and change we can put on the faces of humanity

Thanks

Message from the Board

We collectively join the executive director to reaffirm our commitment in a no small way. That in life when you help people you are helping yourself. The tenets of community and family aid foundation remain clear. It is truly a people need people organization.

We as board are happy to hear all the knowledge and skills to sustain the gains and help the organizations survive as alluded to. Whether covid-19 or not, our focus was to just deliver as one and smile back, knowing well our efforts have impacted lives and caused a greater change that gives satisfactions to all. As board members, we are extending our deepest appreciations to our able committed community volunteers, partners, supporters, stakeholders and all whose contributions keep the foundation intact..

We as board members shall deliver on our mandates and see to it that, the mission, vision, shared objectives and above all, plan of action of the organization receives needed attention and implementation at all cost. This report summary offers hope and shows our collective resolve to report back and account in a no small way every single support extended to the organization.

We strongly encourage you to keep supporting us. Help the foundation to survive all forms of storms. Finally, people need people and we can fulfill this by what we offer from our hearts to touch lives.

Community And Family Aid Foundation in Ghana is a shining example..Om shanti

Snap Short Of Our Achievement in -2021-2022

We have really touched lives and the numbers speak for it, bringing services to the most vulnerable in society throughout Ghana.

- 15000 people as beneficiaries of community outreach activities
- 3000 school children as beneficiaries of school free eye care screening activities

- COVID-19 outreaches ,education, awareness creation in communities
- Peaceful election 2020 campaigns activities
- Universal Health Coverage Day celebration etc

COVID-19 COMMUNITY LEVEL ACTIVITIES AT A GLANCE

COMMUNITY AND FAMILY AID FOUNDATION GHANA

The World Health Organization and other medical experts have said that the pandemic is going to get much worse, before it is brought under control. We must work quickly to educate people on how to limit the spread of the virus, and to advocate for protections from the health, economic and social crisis that is being made worse in the most vulnerable communities.

With your help, we can expand and Conduct public education on how community members can best protect themselves, our water, sanitation, and hygiene programs to save more lives, Engaged in public education and/or political advocacy on behalf of the poorest and most marginalized communities.

And we together with a passionate and committed team are fulfilling that... **Says Joseph Senyo Kwashie –Executive Director At Community And Family Aid Foundation-Ghana**

COVID- 19 PUBLIC TALKS

GHANA-WEST AFRICA

Conducted By:-COMMUNITY AND FAMILY AID FOUNDATION (CAFAF) and ASSOCIATION OF PEOPLE FOR PRACTICAL LIFE EDUCATION (APPLE)

TYPES COVID-19

1-COVID-19 WAS DETECTED (FEBRUARY 2019 TO DECEMBER 2020)

2-DELTA VARIANT-COV-2 WAS DETECTED (JUNE 2021 TO NOW)

3-OMICRON WAS DETECTED (NOVEMBER TILL NOW)

Since the pandemic was a human contact issue we demonstrated the does and don'ts of the pandemic as follows. By narration with practical images and illustrations.

HYGENIC PREVENTIONS

- 1- WASH YOUR HANDS UNDER RUNNING WATER
- 2- SANITIZE YOUR HANDS REGULARLY
- 3- AVOID HAND SHAKES
- 4- AVOID CROWDED PLACES
- 5- STAY HOME AS MUCH AS YOU CAN

TREATMENT

- 1- VACCINES/VACINATION
- 2- REGULAR HYGIENE PRACTICES
- 3- RESTRICTIONS IN TRAVELS

CASE REPORTING

- 1- GHANA HEALTH SERVICE
- 2- LOCAL HEALTH CENTRES
- 3- HOSPITALS IN GHANA
- 4- COVID-19 SURVEILLANCE UNITS

SICKNESS SYMPTOMS-(MOST COMMON)

- 1- FEVER
- 2- COUGH
- 3- TIREDNESS
- 4- LOSS OF TASTE
- 5- LOSS OF SMELL

SICKNESS SYMPTOMS-(LESS COMMON)

- 1- SORE THROAT
- 2- HEADACHES
- 3- MUSCLE PAINS
- 4- DIARRHEA
- 5- A RASH ON SKIN
- 6- DISCOLOURATION OF SKIN
- 7- DISCOLOURATION OF FINGERS
- 8- DISCOLOURATION OF TOES
- 9- RED EYE
- 10- IRRITATING EYE

SERIOUS SYMPTOMS

- 1- DIFFICULT BREATHING
- 2- SHORTNESS OF BREATH
- 3- LOSS OF SPEECH
- 4- REDUCED MOBILITY
- 5- CHEST PAINS

GETTING IMMEDIATE HEALTH CARE TREATMENT

- 1- IT MUST BE ARRANGED AT HOME
- 2- IT TAKES 5-6 DAYS FOR THE VIRUS TO SHOW OR 14 DAYS.

WHERE COVID 19 IS SPREAD

- 1- NIGHT CLUBS
- 2- DRINKING SPOTS
- 3- ALL UNIVERSITIES
- 4- ALL SENIOR HIGH SCHOOLS
- 5- ALL BASIC SCHOOLS
- 6- ALL CONFERENCES
- 7- ALL WORKSHOPS
- 8- ALL SPORTING EVENTS
- 9- ALL RELIGIOUS EVENTS
- 10- BURIAL PROGRAMS
- 11- HOTELS
- 12- SHOPPING MALL
- 13- SUPERMARKETS
- 14- RESTAURANTS
- 15- YOUR SPOUSES AT HOMES

TYPES OF CORONAVIRUS VACCINES

- 1- ASTRA ZENECCA
- 2- SPUTNIC -V
- 3- MODENA
- 4- AfIZER-BronTech
- 5- Covid-19 Vaccine Janessasen

**TOTAL COVID IN GHANA AS AT
6 DECEMBER 2021**

(131,381)

**TOTAL VACCINES IN THE
SYSTEMS**

(5,724,638)

- 1- Q-If you sleep with your partner who has not been vaccinated will you get Covid-19?
- 2- A -Yes all the partners must be vaccinate and obey the rule of hygiene of Hand washing, Social Distancing and use of the nose mask at homes.
- 1- Q -How will you know that the vaccine is fake or has expired?

A- You have the rights to ask the nurse about the name of the vaccine, Expiring date and any other questions.

Conclusion

The World Health Organization and other medical experts have said that the pandemic is going to get much worse, before it is brought under control. We must work quickly to educate people on how to limit the spread of the virus, and to advocate for protections from the health, economic and social crisis that is being made worse in the most vulnerable communities.

Though we are done with 2021, ending on a sound and vibrant notes, the covid-19 pandemic is still around with us causing havoc, and so 2022 awaits us to redouble our efforts of reaching more people to the unreachable. And how do we do that, its takes the power of you and me to deliver as on one...therefore calling on all meaning individuals and organisations to come on board with your timely support and together we can sincerely deliver as one.

TOGETHER WE PARTNERED TO DELIVER PROJECT COUNT ME IN 2.0 GHANA AND BEYOND

Duration	2021-2023
Location	Nigeria, Ghana, Burundi, South Sudan
Partner Country Networks:	Positive Youth Living with HIV in Nigeria, Ghana Network of Young Key Populations, Réseau National des Jeunes vivant avec le vih/sida - RNJ+ Burundi, Young Positives South Sudan

Count Me In (CMI) is a consortium of regional and global networks of young key populations (YKPs) and young people living with HIV (YPLHIV), consisting of Y+ Global, Youth LEAD, and Youth RISE. Y+ Global has crucial experience working with country networks of young people living with HIV in the African region.

The main priority of CMI in the first grant cycle was capacity building, amplifying the participation and voices of young key populations in HIV in policy and decision-making processes, which produced tangible results.

Learning from previous experiences, the consortium is now shifting gears to CMI 2.0 to build, develop, and expand the amplification of YKPs voices in the Global Fund processes.

We work on strengthening the coordination of YPLHIV and YKPs to ensure that the design and implementation of those country-level strategies and programmes reflect their human rights, HIV,

and SRHR needs.

The key results achieved by the consortium were:

- Increased YKPs programs in Global Fund grants (Indonesia, Philippines)
- Increased number of YKP in CCMs (Mongolia, Vietnam, Malaysia)
- Recognition from CCMs for YPLHIV networks (Burundi, Zambia)
- Creation of new YKP networks (Georgia, South Africa) and,
- Overall increased engagement of YKPs and YPLHIV in all these countries at different levels

CMI 2.0 Project is funded by Community Rights and Gender Strategic Initiative grant and led by Youth LEAD, Y+ Global, and Youth RISE.

GHANA PROJECT COUNT ME IN 2.0 AT A GLANCE

At Community And Family Aid Foundation, we are not happy with Ghana's HIV and AIDS cases, thus, we see such a collaboration as a step in the right direction In getting people informed and to make informed fruitful decisions...To this end, Y+ Ghana, youth Rise Ghana, Community And Family Aid Foundation and other frontline Ngos are participating in a 3 year project dubbed "Count Me In" ...

Reflection from the Count Me In recent workshop for youth organizations stakeholders... Through joints partnerships we reach larger numbers of the population to effect change... remember there is strength in numbers and we are just fulfilling our part... Help us to help...thanks 🙏The Global Funds, serves as the mother hub of support to key Health issues across the world. Thus, civil society actors need the rightful information before applying for any form of grants...

The project simply seeks to balance effective youth organizations ability to liaise with country level stakeholders to get the best deals in terms of support for youth related activities at country level... A two day workshop has been held for partners in this effort in Accra on 22-23 October, 2021... We hope this translates into positive gains and help these carefully selected organizations secure funding to implement project inured to the benefit of many young people spread across the country ,mother Ghana 🇬🇭,,

OUR COMMITMENT TO GHANA'S CLIMATE CHANGE FIGHT

Among the United Nations sustainable development goals, the 13th focus on climate change, thus, the need to have a formidable front in fighting this environment menace a cross-cutting matter and a concern of all.

Community and Family Aid Foundation- Ghana 🇬🇭. Is a member of several networks and bodies leading Ghana contribution to fighting the climate change? Year 2021 ended with a formal rap up meeting on climate change, and this was meant to finalize the national policies and programmes for the next 5 year activities implementation.

Represented by Samuel Wenyah , held in Ghana to deliberate on the national climate change proposal with stakeholders ... as climate change is a continuous fight, countries must strategically prepare to fight, via effect and efficiency project implementation...this however, can't be achieved without proper stakeholders inputs. Thus, this encounter was to consolidate, vibrant stakeholders participation every steps involved in the proposal development for submission....

Today is Universal Health Coverage Day/12th December, 2021-Sunday

Everyone everywhere deserves access to quality essential health services without suffering financial hardship. Universal Health Coverage Day is the annual rallying point for advocates to raise their voices and share the stories of the millions of people still waiting for health, call on leaders to make smarter investments in health and remind the world about the imperative of **universal health coverage (UHC)**.

If we are to prevent future pandemics and achieve health and well-being for all by 2030, we must prioritize equity – investing more in health and allocating resources efficiently and equitably according to need.

We celebrate the UHC day with a month long messages and information sharing using various social media blast. Below was one of our crafted messages of hope we shared, reaching millions in the end.

Community And Family Aid Foundation is happy to associate itself to this day. We have been celebrating this day after it was declared 🏠 by the UN on the 12th December 2012... Years down the line, this day is still being observed. For 2021, globally celebrated on the theme “Leave No One's Health Behind,

: Invest in Health Systems Strengthen for All..

Indeed, the world 🌐 enemy, covid-19 has exposed how fragile health systems globally are...

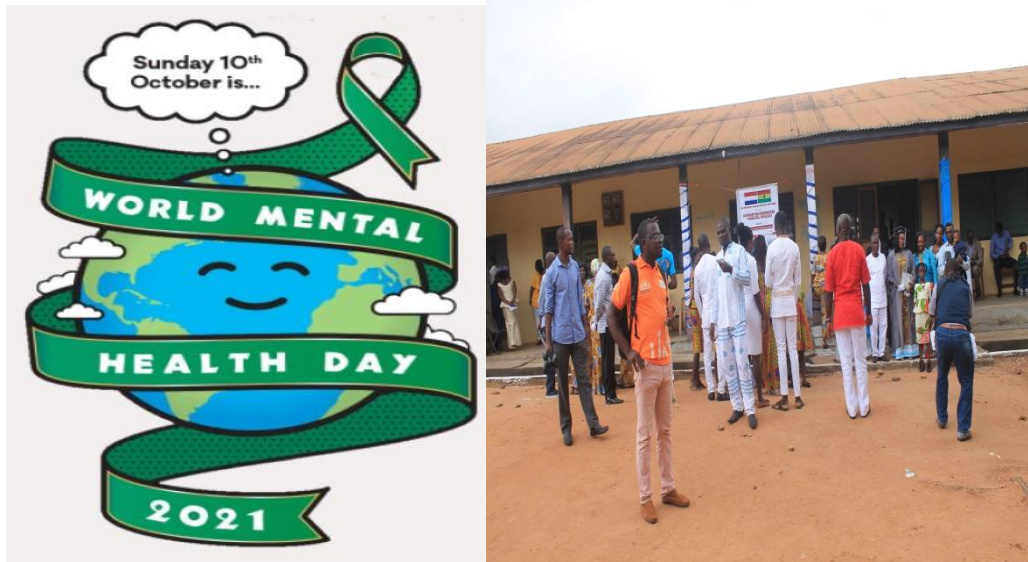

Enough with the excuses, the earliest, we rise to the challenges, the better...

Now more than ever SMART investment in Health systems Strengthen is the best way to go 🚶 and we cannot lose sight of it...Health and for that matter, quality Health care delivery is everyone's right..

Let's, remember, that Health indeed, is wealth, therefore investment in Health systems Strengthen is the best way to secure health wealth for all , via Health systems Strengthen...

A message from leaders around the world on UHC Day

We asked health and development leaders from civil society, national governments, and multilateral organizations around the world what “Health for All” means to them. Their responses illustrate why it is critical to achieve universal health coverage and why we must invest in health systems that leave no one behind.

10 October Is World Mental Health Day 2021

Mental health care for all: let's make it a reality

The overall objective of World Mental Health Day is to raise awareness of mental health issues around the world and to mobilize efforts in support of mental health. The Day provides an opportunity for all stakeholders working on mental health issues to talk about their work, and what more needs to be done to make mental health care a reality for people worldwide.

The COVID-19 pandemic has had a major impact on people's mental health. Some groups, including health and other frontline workers, students, people living alone, and those with pre-existing mental health conditions, have been particularly affected. And services for mental, neurological and substance use disorders have been significantly disrupted.

Yet there is cause for optimism. During the World Health Assembly in May 2021, governments from around the world recognized the need to scale up quality mental health services at all levels. And some countries have found new ways of providing mental health care to their populations.

Happy World 🌐 Mental Health Day 2021(10th October- Sunday)...the world is still battling COVID-19 , whereas mental health issues have been with us for far too long... This year reminds us to take action and activities that respond to improve quality mental Health care and service delivery...

Let's be there for someone in need, I have begun, join us now make a real life change at Community and Family Aid Foundation- Ghana 🇬🇭
We care and can, overcome mental health issues...Hep us to help now....

International Youth Day 12 August 2021

International Youth Day is celebrated on 12 August around the globe to focus on the development and protection of youth in society.

The theme of International Youth Day 2021 is, **“Transforming Food Systems: Youth Innovation for Human and Planetary Health”**, with the aim of highlighting that the success of such a global effort will not be achieved without the meaningful participation of young people.

Today is World Youth Day-12th August 2021-Thursday, celebrated globally on the theme:-

Transforming Food Systems -Youth Innovation for Human and planetary Health 🌍

...management of the foundation called on world leadership to walk the talk via proactive youth support to ensure this is achieved.. Anything short of that we are doomed- there is nothing about youth without them... let's giving them the support to elicit the innovation in them to transform our world 🌍 food systems if we mean business... I rest my case....

United Nations Secretary-General António Guterres's statement

The theme of International Youth Day 2021 is, “Transforming Food Systems: Youth Innovation for Human and Planetary Health”, with the aim of highlighting that the success of such a global effort will not be achieved without the meaningful participation of young people. It has been acknowledged that there is a need for inclusive support mechanisms that ensure youth continue to amplify efforts collectively and individually to restore the planet and protect life, while integrating biodiversity in the transformation of food systems. With the world's population expected to increase by 2 billion people in the next 30 years, it has become recognized by numerous stakeholders that simply producing a larger volume of healthier food more sustainably will not ensure human and planetary wellbeing. Other crucial challenges must also be addressed, such as the interlinkages embodied by the 2030 Agenda including poverty reduction; social inclusion; health care; biodiversity conservation; and climate change mitigation.

Recovery and Resilience through Digital and Financial Inclusion

#FamilyRemittances

International Day
of Family Remittances
16 JUNE

www.familyremittances.org

IDFR 2021

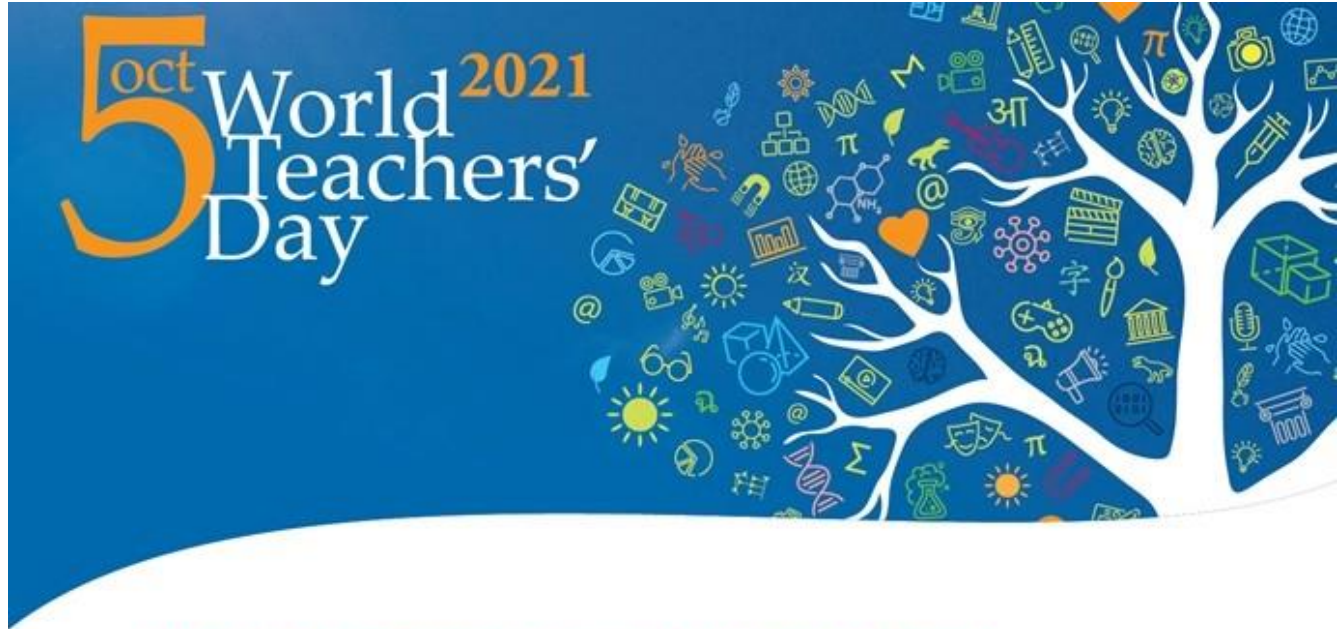

Statement on the occasion of the International Day of Family Remittances

On the occasion of the International Day of Family Remittances (IDFR), the United Nations Network on Migration recognizes the crucial contribution that migrant workers and their families make, especially through their remittances, to the social and economic development of their communities and countries of origin.

Looking forward, we must continue efforts to support and protect migrants, who — as the COVID-19 pandemic has made clear — play such an important role in keeping essential services and the economy at large running in many parts of the world.

António Guterres

World Teachers' Day 2021 Fact Sheet

World Teacher Day 2021

Teachers at the heart of education recovery

In 2021, the celebrations of World Teachers' Day will focus on the theme "**Teachers at the heart of education recovery**". The events will be held online.

Community and Family Aid Foundation, CELEBRATED THE DAY by Wishing teachers, a happy world Teachers Day 2021 (5th October, 2021) Once a teacher, always a teacher... indeed, teachers rule the world 🌍

What day does the UN recognize World Teachers Day?

The United Nations Educational, Scientific and Cultural Organization (UNESCO) established a global event called World Teachers' Day in 1994. Held each year on **October 5**, this holiday marks the anniversary of adopting the 1966 UNESCO Recommendation concerning the Status of Teachers

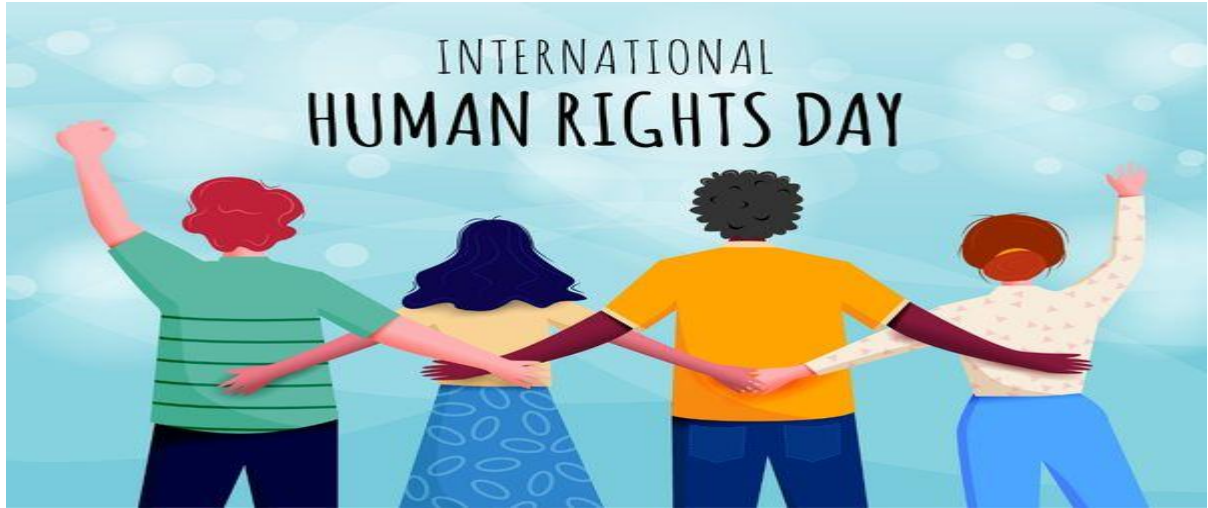

World no bra day is celebrated in October 13 every year, which falls right in the middle of Breast Cancer Awareness Month. The motive of the day is **to promote breast cancer awareness in both men and women and encourages all to spot early warning signs and get an edge in the fight against the disease.**

Community Aid Family Aid Foundation- take this opportunity to wish all women happy 😊 no bra day 2021 (13 October-Wednesday)..

Let take this opportunity to educate more women why it matters to free the breast from self-imprisonments...

Dr. Blake says **wearing a bra doesn't prevent your breasts from sagging** and not wearing one doesn't cause your breasts to sag. "Wearing a bra doesn't affect the risk of breast sagging, or what is called "breast ptosis." It also won't impact the shape of your breasts. Jul 19, 2021

Human Rights Day is observed every year on 10 December — the day the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights (UDHR). The UDHR is a milestone document, which proclaims the inalienable rights that everyone is entitled to as a human being - regardless of race, colour, religion, sex, language, political or other opinion, national or social origin, property, birth or other status. Available in more than 500 languages, it is the most translated document in the world.

2021 Theme: EQUALITY - Reducing inequalities, advancing human rights

This year's Human Rights Day theme relates to 'Equality' and Article 1 of the UDHR – “All human beings are born free and equal in dignity and rights.”

The principles of equality and non-discrimination are at the heart of human rights. Equality is aligned with the 2030 Agenda and with the UN approach set out in the document Shared Framework on Leaving No One Behind: Equality and Non-Discrimination at the Heart of Sustainable Development. This includes addressing and finding solutions for deep-rooted forms of discrimination that have affected the most vulnerable people in societies, including women and girls, indigenous peoples, people of African descent, LGBTI people, migrants and people with disabilities, among others.

Equality, inclusion and non-discrimination, in other words - a human rights-based approach to development - is the best way to reduce inequalities and resume our path towards realising the 2030 Agenda.

Rebuild better, fairer, greener

Community and family aid foundation, short message was

Today is Human Rights Day 10th December, 2021-friday

Globally celebrated on the theme Equality-Reducing Inequalities advancing Human Rights.

The UN declaration of this day in 1948 speaks volumes and continues to fight for Human and people's rights...

Each of us has a role to play, thus, must make sure what matters, matter....

Remember, that when you fight for others rights, you are fighting for your own rights....

GHANA 🇬🇭 WHERE ARE THE COVID-19 MONIES

Since the onset of the covid-19, all countries around the world have received various supports to implement various projects to curb the pandemic. Ghana is among the countries that have receive such massive support from various entities such as the global fund, imf, world bank, education cannot waits, companies and other partners.

Community and family aid foundation- is a member of the Covid-19 Accountability project. This network of NGOS through the this platform seeks to track and report on how various monies channelled into activities and projects over the cause of time has been utilized

The 2021 maiden final meeting to review and strategize further in the next phase of the project was on 8th December, Wednesday 2021 at a ERRATA HOTEL 🇬🇭 Ghana

SAMUEL WENYAH represented our organization and made server proposal to enrich the process... capture below is a snapshots of the meeting of participants and stakeholders below.

International Volunteer Day 2020: International Volunteer Day is observed on December 5, to promote the culture of volunteering, encourage the governments to support the efforts put in by volunteers in order to achieve the Sustainable Development Goals (SDGs) at all levels.

International Volunteer Day Theme

According to a report in UNV, this year's IVD campaign, which starts on December 5 will thank volunteers worldwide, as they have been in the riskiest of places, helping the communities in need. On International Volunteer Day 2020, the United Nations also wants to shed light on the difficulties and needs of volunteers during the pandemic. The UN is making an effort to show the impact of volunteers in their communities during this crisis, and is trying to reach all corners of the globe with the message of 'Together We Can Through Volunteering'.

5th December-Sunday

Globally celebrated on the theme Volunteer for Our Common Future

I have Volunteer for more than 3 decades and I have never regretted, given off my attention skills and expertise at the disposal of people and institutions that needed my assistance.... Volunteer makes a difference

Volunteers touch lives

Volunteers push boundaries

Volunteers are all in all

Consider Volunteering to help others

And as you do so, you open your future doors

Volunteer for Our Common Future

Remember, when you others,you are helping yourself

Happy international Volunteers day

(3rd December-Friday)...let's live in peace and harmony with people with disabilities... For disability is everyone's friend as we journey in this life ,from natural to unplanned causes... For disability is not inability... .thanks

International Day of Disabled Persons recognises visible and invisible disabilities, to promote the importance of inclusion in life and the workplace. An annual event, World Disability Day is hosted by the United Nations and encourages business leaders across the globe to value the unique contributions of disabled people.

In this post, discover how to celebrate and support disabled employees in your workplace. **Source:** <https://idpwd.org/>

Ghana's World AIDS Day 2021 celebration 🍷

1st December, 2021-Wednesday

Ghana's National official celebration took place in Accra, on the global theme "Ending Inequalities, End AIDS". As usual, Community and Family Aid Foundation, had a good representation on board.

In these pictures can be sported both the US Ambassador to Ghana 🇬🇭 and UNAIDS Ghana country, congratulate our team for the commitment towards the fight against AIDS...

We hope to collaborate further in stemming the AIDS tides raging on in Ghana 🇬🇭, after this encounter...

HAPPY, INTERNATIONAL MEN'S DAY

19TH NOVEMBER 2021- FRIDAY

COMMUNITY AND FAMILY AID FOUNDATION, join the international community to celebrate this day... every November 19 is international Men's Day... Men will always be men, therefore celebrating such a day is apt and offers men the chance to renew our commitment and to live up to the 6 pillars underpinning the formation of the day....

These pillars

Male role models

Community, marriage family

Improve Men's health

Social services and the law

Gender relations and gender equality

Creation of safer, better world and potential development

And many others speak in volumes of the need to have a stronger front of men pushing for change... this is not just a celebration but pushing us to the wall to do more and in doing so our masculine and for that matter recognition we seek will be rewarded without fighting for it...

Never, has the world demanded more from men and so the earliest we rise the better...

Men the ball is in our court

Let rise before it's too late... I rest my case,....

COMMUNITY AND FAMILY AID FOUNDATION CELEBRATES WORLD DIABETES
CELEBRATE 2021 WORLD DIABETES DAY

**ACCESS TO DIABETES CARE:
IF NOT NOW, WHEN?**

A century after its discovery, insulin and other fundamental components of diabetes care remain beyond the reach of many who need them. This must change. Support our call to action to ensure it reaches the people who need to hear it.

COMMUNITY AND FAMILY AID FOUNDATION, use the overall global theme which Access to Diabetes Care was and is the theme for World Diabetes Day 2021-23. We jointly celebrated 2021 World Diabetes Day today 14th November-Sunday on the theme Access to Diabetes Care... so crucial, that this theme will be maintained till after 2023 to remind stakeholders, that among the non-communicable Diseases (NCD), diabetes remains high in all countries...

World Diabetes Day provides an opportunity to raise awareness of diabetes as a global public health issue and what needs to be done, collectively and individually, for better prevention, diagnosis and management of the condition. This year's World Diabetes Day is taking place at the end of a year which has been intensive in terms of global advocacy for diabetes. WHO and partners have used the opportunity of the 100th anniversary of the discovery of insulin to highlight the huge gap between the people who need access to insulin to control their diabetes, as well as essential technologies such as blood glucose meters and test strips, and those who actually have access.

The need to offer better avenues for curbing it the better.. In the face of COVID-19, coupled with the SDGS attainment, the clocks are ticking and the earlier we raise to the challenges the better....

Community and Family Aid Foundation is committed to this, and so our flagship project Race to End Diabetes, call's on to all to support our efforts and together we can zero down the effect of diabetes both in Ghana 🇬🇭 and beyond....

Community and Family Aid Foundation believe, cleaner, hands make a cleaner world 🌍 ...thus, encourage all to redouble our efforts in spurious of using clean hands to prevent COVID-19...

Global Handwashing Day (GHD) is an international handwashing promotion campaign to **motivate and mobilize people around the world to improve their handwashing habits**. Washing hands at critical points during the day and washing with soap are both important.

The theme this year is “**Our Future is at Hand – Let's Move Forward Together**” recognizing the global movement promoting hand washing as a key way to prevent COVID-19 transmission, and the need to keep building on this momentum even after the pandemic. Oct 14, 2021

Today is Global Hand washing Day-15th October, 2021,-Friday, celebrated every year... We count on you all
Help us to help

Home-grown solutions have popped up across Africa. In Ghana, for instance, a taxi driver fitted an automated hand washing machine on his car for passengers to use. In Kenya, nine-year-old Stephen Wamukota invented a hands-free washing facility that uses a foot-operated lever. The challenge now is to scale-up these and other innovations, and this is where public-private partnerships and funding incentives can play a key role.

What is true hand washing?

True. **Washing your hands helps prevent a respiratory and diarrhoea-related illness, which, in turn, reduces** the use of antibiotics that are often unnecessarily prescribed for these issues. Hand washing may also help prevent individuals from getting sick from germs that are already resistant to antibiotics.

What are the 7 Steps of Hand Washing?

1. Step 1: Wet Hands. Wet your hands and apply enough liquid soap to create a good lather. ...
2. Step 2: Rub Palms Together. ...
3. Step 3: Rub the Back of Hands. ...
4. Step 4: Interlink Your Fingers. ...
5. Step 5: Cup Your Fingers. ...
6. Step 6: Clean the Thumbs. ...
7. Step 7: Rub Palms with Your Fingers.

Keeping hands clean can prevent 1 in 3 diarrheal illnesses and 1 in 5 respiratory infections, such as a cold or the flu. Each year on **October 15**, Global Hand washing Day highlights the importance of hand washing with soap and water at home, in the community, and

around the world.

Community hands washing demonstration by our esteem volunteers at the James town beach to mark global hand washing day 2021

World Elder Abuse Awareness Day
15 June 2021

COVID-19: Violence and neglect increases for older persons during lockdown, says UN expert

GENEVA (14 June 2021) - Violence, abuse and neglect of older persons have been brought into sharp focus during the COVID-19 pandemic.

To mark World Elder Abuse Awareness Day, Claudia Mahler, the Independent Expert on the enjoyment of all human rights of older persons, issues the following statement:
“Distressing reports from care homes in different parts of the world showed neglect, isolation and lack of adequate services, including healthcare, social and legal services. Lockdown measures resulted in increases in gender-based violence and higher risks of violence, abuse and neglect of older persons confined with family members and caregivers.

Despite widespread alarm over the situation of older persons during the pandemic, the challenges and barriers to seek effective redress and remedies have received little attention. On the contrary, some disturbing practices were reported with care homes

being given immunity from civil liability for COVID-19 related deaths and putting in place contractual clauses that waive the right to file a court case and make arbitration the only option for alleged abuse or mistreatment. Elsewhere, older persons and their families expressed despair and frustration with the lack of transparency and responsiveness to complaints raised with aged care services providers.

These developments undermine older persons' access to justice and to an effective remedy. Older persons are rights holders whose dignity and rights do not have an expiration date in later life. Access to justice encompasses the right to a fair trial, equal access to and equality before the courts, and the right to seek and obtain just and timely remedies for human rights violations.

Entrenched ageist attitudes further hinder older persons from claiming their rights and undermine their autonomy to make their own choices and decisions. Lack of detailed information and analysis limits the possibility to reveal patterns of abuse which remain vastly under reported and determine the gaps in existing interventions, as well as to identify concrete action needed to provide adequate protection to older persons.

Older persons must not be left behind when seeking redress and remedies. I urge States to adopt a binding international human rights instrument, as well as national legislation and measures, to ensure access to justice for older persons with full respect of their autonomy. This should include the provision of legal aid, dedicated counselling and support services, diverse and age-appropriate formats to share information about rights and legal complaints mechanisms, reduction or exemption of litigation fees, and improved accessibility.”

ADMINISTRATION

BOARD MEETINGS

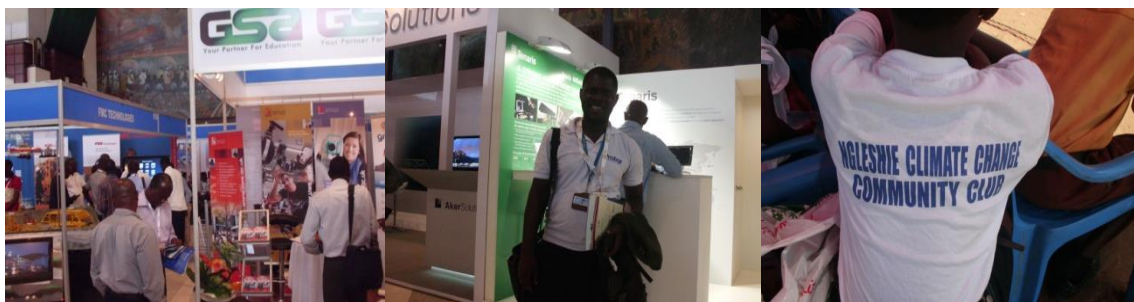

A series of planned face to face meetings between management and the board could not come on formally as majority of them were always occupied with tough schedule most of the times including the covid-19 incidents . However, an informal meeting one on one took place where the executive director was able to brief majority of the members about what really is happening in terms of the foundations administration and to solicit their concerns as far as decision making and operations of the organization is concern. The office was always constantly in touch with them. Some have also given the green light for management to have them replaced by new crop of executives when the need arises at the pleasure of management. And so in 2016 critical steps will be taken to seal the loopholes created as far as decision taken at this highest level is concern.

STAFF MEETINGS

The executive Management Team met 20 times during the period. The meetings were used to discuss work program, job schedule of staff, effective and efficient ways of implementing cost free activities in 201-2023 and relatable partnership works. In addition to this effect the executive director had regular meetings with partners, friends of CAFAF, volunteers both online and off line. These meetings place management on top of the issues which prepare them to live up to the task fully. It brought a sigh of relief and the injection of new skills and strategies into the general administration of CAFAF as a whole.

MOBILIZATION AND ADVOCACY

CAFAF beef up our mobilization and advocacy efforts which were are a corner stone to achieving our set targets. We largely used these platforms to communicate our cause both locally and internationally. Management exploited both partnerships, other institutions platforms to air our constructive views for policy reforms. These avenues include but not limited to

END OF YEAR REVIEW 2021-2022

As per the constitution and polices of CAFAF a regular yearly review meetings is expected to be held during which management present their performance and plan of action For the coming years , interact with members, volunteers partners, stakeholders and founders and the broader concern members of the public. Such decision is used again to interrogate the actions and interventions of the organization and offer suggestions to improve its performance.

In 2021 most of the practical approaches to things and suggestions made will be heavily injected into our mainstream of work and will be reviewed from time to time to know the efficacy of its experimentation. Increasingly efforts will be made to change the mode of work and working culture of members where the outputs of management will be measured with a balance score card scheme.

FINANCE AND ADMINISTRATION

The general running of CAFAF during the period under review In terms of finance and administration suffered a lot of setbacks but with prudent strategic interventions management was duly able to salvage the image of the organization. The major source of funding for our activities was sourced from the internal fundraising. Greater chunk of our activities were delivered through partnership and voluntary schemes commitment from all. Management is still negotiating with other organizations and individuals to consider offering a regular donation into the coffers of the organization to enable it overcome most of the stresses associated with the administration of the organization financial wise. It is our fervent believe that the year 2016 will witness a different turn around which will help to spur the foundation to a higher heights.

FUND RAISING, PROPOSAL SUBMISSION

Prudent management of any organization depends on key factors such as requisite human resource, capital and external factors of production. Such ingredients are pillars that fuel the growth and impacts of any entity failure of which no gains can be made. In the course of the year management exploited most tangible avenues of fundraising, proposal writing, and call for proposals and applied for them.

PLAN OF ACTION FOR 2021-2023 AND ACTIVITIES

CAFAF is happy to have coined the 2015 programme of work (POA) from our strategic operation document that spans over a period of 2013- 2015. This is a 3 years' work plan of action and presents a bigger vision of the organization which seeks to measure the outputs of the organization and impacts made in our project communities. Thus for 2016 the following activities and interventions are planned to be delivered. These include but not limited to

- ❖ Women in food security
- ❖ Climate change and environmental protection
- ❖ Communicable and non- communicable health education advocacy
- ❖ Youth for development
- ❖ Arts, cultural and music for development
- ❖ Human rights, peace, security, good governance
- ❖ Election 2024,Ghana for peace initiative
- ❖ Micro- Finance, financial inclusion etc

These broader headlines comes with a set of other key activities which are not covered here but are presented in the general framework which sets benchmarks for trading their implementation success (refer to our POA) for details on request. There aren't any available funds to run them but the POA provides a concrete clue of at least what mandate and target we have set for ourselves for delivery. This is also to make our communication and interaction with donors flexible, clear and results oriented. Proposal details are projects cost with its assented beneficiaries, and receiving communities will be communicated in our fundraising materials. Our POA is clear and will serve as a mirror of reflection and a compass to direct the entire operations of the year and avoid duplication of efforts in 2022.

MONEY MATTERS IN 2021-2022

In the opening statement of our acknowledgement in this report we have shared the invaluable contribution many organizations have contributed to shape the works and action of CAFAF and we still stand by it and proud to be associated with them all. We are deeply reminded by a tenet that says people matter you matter, thus, encourages everyone to extend olive hand of support to us in the coming years to enable us break the cycles of poverty and set people free from the bondages of want. In doing that mother Ghana can take its rightful place of development.

Due to policy change and a few financial guidelines, the foundation is adjusting to our independent audited accounts Statements could not be captured here. However, management is in interaction with auditors to finalize the process for which reason a separate copy will be made available from time to time. By virtue of this assertion financial matters of the organization are intact and in with this report. Measures are being put in place to ensure that our subsequent reports are accompanied by the financial matters associated with it. On a whole the year 2015 equally saw persistent and prudent measure put in place to control our expenses which have had a positive balance on our transaction leading to our all declaration of the period under review labeled as value for money year.

WAY FORWARD IN 2021-2022 AND BEYOND

The overall performance of CAFAF during the year under review speaks for itself and could be described as second to none. In spite of the daunting challenges that engulf our operations we mounted the courage to thrive which impacted positively in the lives of the vulnerable we have served so. We have been part of the history makers which is a complimentary to government-efforts of offering alternatives of shaping people's lives and make them counts in the development agenda.

Management can look back swollen with pride and unceasing joy because this report has been produced not just like business as usual but from the hearts and evidences of our contributions to pursuing the mission and vision for which CAFAF was established to address. Countless lessons were learnt in the cause of our interactions with different categories of people and institutions we came across through the journey. We have taken note of the varied best practices, skills and knowledge derived from this engagement. Steps will be taken to have most useful methodologies, tools and practices incorporated into our work to boost our performance.

As a human institutions ups and downs are a great deal of the life tests and so coming this far certainly makes our conclusion that complete that We have indeed obtained a distinction grade with a crown of success in 2015 hoping to surpass the coming year 2016.

CONCLUSION

At CAFAF we are for people, development, and generations hoping to leave a long lasting legacy worth bequeathing to the next generation free of uncertainty. We work hand in hand with people and communities that believe in our dreams and our aspirations. We are indeed happy that alas the years 2021-2022 have passed successfully where we have once more touched the lives of people at the very ends of the pyramid, restoring hope and human dignity all together with common aim and vision.

Of cause this did not come on a mere silver platter but with daunting challenges here and there. To you all we owe unending deeper senses of appreciation for being part of our amazing stories. As we looking forward to 2023 we WANT see YOU and have you on board every step of our actions and works through which the developmental needs of people and communities can be met.

When we see the need for a CHANGE, and confront the CHALLENGES with the needed CONNECTIVITY, COMMUNITY AND FAMILY AID FOUNDATION –NGO in GHANA believes there is a full assurance of possibilities.

Thus for 2022-2023 management says, let see the need for a CHANGE, CHALLENGE the Events, CONNECT WELL and together we can turn lives around with POSSIBILITIES.

WE CARE HELP US TO HELP NOW

ACKNOWLEDGEMENT

Management wishes to take this opportunity to say a sincere thanks to the following bodies and individuals whose contribution help to make our operations absolute. They were behind us throughout the storm and their indefatigable inputs must go unnoticed.
